The Company and/or Receiving Agent (if any) shall not be responsible for the interest and/or any damages in any case whatsoever.

Where the Warrant Holder or the Warrant Substitute Holder fails to make full payment, the Company and/or Receiving Agent (if any) holds the right to proceed with one of the following, in accordance with what the Warrant Holder has specified in the Exercise Notification Form or as the Company and/or Receiving Agent (if any) deems appropriate:

- 1.4.10 In the case that the Company and/or Receiving Agent (if any) is not able to return the payment for the unexercised portion to the Warrant Holders within 14 days from the relevant Exercise Date, Warrant Holders shall receive interest at the rate of 7.5 percent per annum whereby the amount of interest received shall be calculated for the unexercised portion for the period after 14 days until (but not including) the day that Warrant Holders receive their returned payment.

However, if the Company and/or Receiving Agent (if any) correctly delivers cheque, draft, bill of exchange or payment order issued by the bank, crossed and designated payable to the name of the Warrant Holder or Warrant Substitute Holder via registered mail to the address as specified in the Exercise Notification Form, it will be deemed that the Warrant Holder has already received the returned payment and has no right to claim for the interest and/or any damages whatsoever.

- 1.4.11 When Warrant Holders or Warrant Substitute Holders, who have delivered the notice of intention to purchase ordinary shares, have fully complied with all of the conditions governing the exercise by completely and accurately delivering the Warrants or Warrant Substitutes, the Exercise Notification Form along with supporting documents stipulated in Clause 1.4.5 e) and made payments in full, such persons cannot cancel or revoke such intention unless they have obtained written consent from the Company.

- 1.4.13 The Company will apply for registration of the increase in its paid-up capital in the amount equivalent to the number of new shares issued (for the relevant period) at the Ministry of Commerce within 14 days after each Exercise Date, which the Company receives full payments for the exercised Warrants. The Company will then record the names of the relevant Warrant Holders as the holders of the relevant number of ordinary shares in the

share register book of the Company in accordance with the calculation of ordinary shares resulting from the exercise of the Warrants of such relevant period.

The newly-issued ordinary shares from the exercise of the Warrants will command the same rights and status as the Company's ordinary shares that were previously issued, starting from the date on which the names of the Warrant Holders or their proxies are recorded as shareholders and the increase in paid-up capital due to the exercise of Warrants is registered with the Ministry of Commerce.

- 1.4.14 In the case that the ordinary shares are inadequately provided to accommodate the exercise of Warrants, the Company will compensate the Warrant Holders who duly lodged the Exercise Notification Form but cannot exercise their rights as specified in Clause 1.8. However, in the case that foreign Warrant Holders are unable to exercise their rights due to restrictions on the shareholding proportion of foreign shareholders as specified in the Articles of Association of the Company, the Company will not compensate such Warrant Holders who are unable to exercise their rights despite adequate numbers of ordinary shares being available for allocation.

1.5 Right Adjustment Conditions

In order to protect the benefits of Warrant Holders, the Company will adjust the Exercise Price and Exercise Ratio throughout the terms of the Warrants upon the occurrence of any of the following events:

- 1.5.1 When there is a change in the par value of the ordinary shares of the Company as a result of the split or consolidation of its issued ordinary shares, the change of the Exercise Price and the Exercise Ratio shall have effect after the change of the par value of the shares, as disclosed through the Stock Exchange's communication Channel (SETLINK). The purpose of the right adjustment is to enable Warrant Holders to obtain the same number of shares as if there had been no change in the Company's par value.

- (1) The Exercise Price will be adjusted according to the following formula:

$$\text{Price 1} = \text{Price 0} \times \frac{[\text{Par 1}]}{[\text{Par 0}]}$$

- (2) The Exercise ratio will be adjusted according to the following formula:

$$\text{Ratio 1} = \text{Ratio 0} \times \frac{[\text{Par 0}]}{[\text{Par 1}]}$$

Whereas: Price 1 is New Exercise Price

Price 0 is Former Exercise Price

Ratio 1 is New Exercise Ratio

Ratio 0 is Former Exercise Ratio

Par 1 is New par value of the ordinary shares

Par 0 is Former par value of the ordinary shares

1.5.2 When the Company offers to sell its newly-issued ordinary shares to existing shareholders and/or the public and/or by private placement at the “average price per share of the newly-issued ordinary share” lower than 90 percent of the “market price of the ordinary shares”, the change of the Exercise Price and the Exercise Ratio shall have an immediate effect from the first day that the Warrant Holders are not entitled to the right to purchase the newly-issued ordinary shares (the first day that the Stock Exchange posts an XR sign) in the case of a right issue, and/or the first day of the offering of the newly-issued ordinary shares to the public and/or private placement, as the case may be.

The “average price per share of the newly-issued ordinary share” shall be calculated from the total proceeds obtained by the Company from such offering of shares, less the expense(s) related to the offering (if any), divided by the total number of newly-issued ordinary shares.

If there is more than one offering price for the newly-issued ordinary shares, under the condition that these shares must be subscribed for at the same time, all offering prices and the total number of the newly-issued ordinary shares shall be used to calculate the average price per share of the newly-issued ordinary shares. However, if the offering does not require that all of the shares be subscribed for at the same time, only the number of shares and the offering price where the “average price per share of the newly-issued ordinary shares” is lower than 90 percent of the “market price of the ordinary shares” shall be used in the adjustment calculation.

The “market price of the ordinary shares” is equivalent to the weighted average market price of the ordinary shares of the Company traded on the Stock Exchange for 15 consecutive Business Days before the calculation date. The weighted average market price of the ordinary shares of the Company is equivalent to the total value of the ordinary shares of the Company traded divided by the number of the ordinary shares of the Company traded on the Stock Exchange.

The “calculation date” means the first date that the subscriber of the ordinary shares is not entitled to the right to subscribe for the newly-issued ordinary shares (the first day that the Stock Exchange posts the XR sign) in the case of a right issue, and/or the first date of the offering of the newly-issued ordinary shares to the public and/or the private placement, as the case may be.

In the case that the “market price of the ordinary shares” cannot be calculated since there is no trading transaction in the specified period, the Company will determine the fair price for the calculation instead.

“Fair price” means the price that is determined by financial advisor approved by the SEC.

(1) The Exercise Price will be adjusted according to the following formula:

$$\text{Price 1} = \text{Price 0} \times \frac{[(A \times \text{MP}) + \text{BX}]}{[\text{MP} \times (A + B)]}$$

(2) The Exercise Ratio will be adjusted according to the following formula:

$$\text{Ratio 1} = \text{Ratio 0} \times \frac{[\text{MP} \times (A + B)]}{[(A \times \text{MP}) + \text{BX}]}$$

Whereas: Price 1 is New Exercise Price

Price 0 is Former Exercise Price

Ratio 1 is New Exercise Ratio

Ratio 0 is Former Exercise Ratio

MP is The market price per share of the Company’s ordinary shares

A is The number of fully paid-up shares on the day prior to the book closing date on which the shareholders have the right to subscribe for the newly-issued ordinary shares in the case of the right offering and/or the day prior to the first offering date of the newly-issued ordinary shares in case of public offering and/or private placement (as the case may be)

B is The number of newly-issued ordinary shares offered to existing shareholders and/or public, and/or private placement investors (as the case may be)

BX is The proceeds to be received less any expenses (if any) from the issuance of new shares offered to existing shareholders, and/or to public, and/or to private placement investors (as the case may be)

1.5.3 When the Company offers to sell any new securities to its existing shareholders and/or the public and/or by private placement, which gives holders the right to convert to or purchase ordinary shares of the Company (the “Newly-Issued Convertible Securities”) i.e. convertible

debenture or warrants, at the "average price of newly-issued ordinary shares reserved to accommodate the rights" lower than 90 percent of the "market price of the ordinary shares", the change of the Exercise Price and the Exercise Ratio shall have immediate effect from the first day that the subscribers of the ordinary shares are not entitled to the right to purchase the Newly-Issued Convertible Securities (the first day that the Stock Exchange posts an XR or XW sign) in the case of right issue, and/or the first day of the offering of Newly-Issued Convertible Securities to the public and/or by private placement, as the case may be.

The "average price of newly-issued ordinary shares reserved to accommodate the rights" is calculated from the total proceeds obtained by the Company from such offering of the Newly-Issued Convertible Securities, less the expense(s) related to the offering (if any), plus the total proceeds that will be obtained from the exercise of the rights to purchase the ordinary shares, divided by the total number of newly-issued ordinary shares reserved to accommodate the rights.

If there is more than one offering price for the Newly-Issued Convertible Securities, under the condition that these securities must be subscribed for at the same time, all Newly-Issued Convertible Securities must be taken into account in the calculation. However, if the offering does not require that the securities be subscribed for at the same time, only the Newly-Issued Convertible Securities with the "average price of the newly-issued ordinary shares reserved to accommodate the rights" lower than 90 percent of the "market price of the ordinary shares" shall be used in the adjustment calculation. The definition of the "market price of the ordinary shares" shall be the same as stipulated in Clause 1.5.2 above.

The "calculation date" means the first date that the subscribers of the ordinary shares are not entitled to the right to purchase the Newly-Issued Convertible Securities in the case of right issue, and/or the first date of the offering of the Newly-Issued Convertible Securities to the public and/or by private placement, as the case may be.

- (1) Exercise Price will be adjusted according to the following formula:

$$\text{Price 1} = \text{Price 0} \times \frac{[(A \times \text{MP}) + \text{BX}]}{[\text{MP} \times (A + B)]}$$

- (2) Exercise Ratio will be adjusted according to the following formula:

$$\text{Ratio 1} = \text{Ratio 0} \times \frac{[\text{MP} \times (A + B)]}{[(A \times \text{MP}) + \text{BX}]}$$

Whereas: Price 1 is New Exercise Price

Price 0 is Former Exercise Price

Ratio 1 is New Exercise Ratio

Ratio 0	is	Former Exercise Ratio
MP	is	The market price per share of the Company's ordinary shares
A	is	The number of fully paid-up shares on as at the Record Date or the day prior to the book closing date on which shareholders have the right to subscribe for the Newly-Issued Convertible Securities in the case of the right offering and/or the day prior to the first offering date of the Newly-Issued Convertible Securities in case of public offering and/or private placement (as the case may be)
B	is	The number of newly-issued ordinary shares reserved to accommodate the right to exercise the Newly-Issued Convertible Securities, offered to existing shareholders and/or public, and/or private placement investors
BX	is	The proceeds to be received less expenses (if any) from the issuance of the Newly-Issued Convertible Securities offered to existing shareholders, and/or to public, and/or to private placement investors, plus the total proceeds that will be obtained from the exercise of the rights to purchase the ordinary shares

1.5.4 When the Company pays out dividends in full or in part in the form of newly-issued ordinary shares to shareholders of the Company, the change of the Exercise Price and the Exercise Ratio shall have an immediate effect from the first day that the subscribers of the ordinary shares no longer have the right to receive the stock dividend (the first day that the Stock Exchange posts an XD sign).

(1) The Exercise Price will be adjusted according to the following formula:

$$\text{Price 1} = \text{Price 0} \times \frac{A}{(A + B)}$$

(2) The Exercise Ratio will be adjusted according to the following formula:

$$\text{Ratio 1} = \text{Ratio 0} \times \frac{(A + B)}{A}$$

Whereas: Price 1 is New Exercise Price

Price 0 is Former Exercise Price

Ratio 1 is New Exercise Ratio

Ratio 0 is Former Exercise Ratio

A is The number of fully paid-up shares or the day prior to the Record Date or book closing date on which shareholders are entitled to stock dividends (as the case may be)

B is The number of newly-issued ordinary shares in form of stock dividends

1.5.5 When the Company makes a cash dividend payment at the rate higher than 90 percent of the net profit of the Company's separate financial statements for operating performance in any accounting period, after taxes and after the deduction of retained loss and legal reserves for any accounting year during the terms of the Warrants, regardless of whether such dividend is paid from operating profits or retained earnings, the change of the Exercise Price and the Exercise Ratio shall have an immediate effect from the date that subscribers of the ordinary shares no longer have the right to receive such cash dividend (the first day that the Stock Exchange posts an XD sign).

In this regard, the rate of the cash dividend paid to shareholders shall be calculated by dividing the actual dividend paid from the operating performance in each accounting period by net profit of the Company's separate financial statements after taxes and after the deduction of retained loss and legal reserves that operating performance in the same period. The actual dividend paid shall also include all interim dividend payments made during that accounting period.

The "calculation date" means the first day the subscribers of the ordinary shares are no longer entitled to receive dividends (the first day that the Stock Exchange posts an XD sign).

(1) The Exercise Price will be adjusted according to the following formula:

$$\text{Price 1} = \text{Price 0} \times \frac{[\text{MP} - (\text{D} - \text{R})]}{\text{MP}}$$

(2) The Exercise Ratio will be adjusted according to the following formula:

$$\text{Ratio 1} = \text{Ratio 0} \times \frac{\text{MP}}{[\text{MP} - (\text{D} - \text{R})]}$$

Whereas: Price 1 is New Exercise Price

Price 0 is Former Exercise Price

Ratio 1 is New Exercise Ratio

Ratio 0 is Former Exercise Ratio

MP	is	The market price per share of the Company's ordinary shares
D	is	Dividend per share being paid to shareholders
R	is	Dividend per share paid out of 90 percent of the net profit of separate financial statement after taxes and after deduction of retained loss and legal reserves divided by the total number of shares entitled to receive such dividend

1.5.6 In the case that there are events not mentioned in Clauses 1.5.1 to 1.5.5 above that may impair the benefits of Warrant Holders or Warrant Substitute Holders, the Company shall consider and determine the fair adjustment of the Exercise Price and/or the Exercise Ratio (or adjust the unit of Warrants instead of the Exercise Ratio). The adjustment shall not lessen the benefits of shareholders and the discretion of the Company shall be deemed absolute. The Company will notify the adjustment of rights through the Stock Exchange's communication channel (SETLINK) immediately or by 9.00 a.m. of the day which the Exercise Price and Exercise Ratio take effect. The Company will notify the SEC and Registrar of the relevant details thereof within 15 days from the date on which the event causing the adjustment occurs.

1.5.7 The calculation of the adjustment to the Exercise Price and Exercise Ratio made in accordance with Clauses 1.5.1 to 1.5.6 shall be independent from one another. The adjustment calculation shall be made in a periodic order of the comparison to the market price of the Company's ordinary shares. In the case that more than one circumstance simultaneously occurs, the calculation of the adjustment shall be made in a respective order of Clauses 1.5.1, 1.5.5, 1.5.4, 1.5.2, 1.5.3 and 1.5.6 with a three-decimal point number for each calculation step for the Exercise Price and the Exercise Ratio.

1.5.8 The calculation of the adjustment to the Exercise Price and the Exercise Ratio in accordance to Clauses 1.5.1 to 1.5.6 shall not cause an increase in the new Exercise Price and decrease in Exercise Ratio, except in the case of the share consolidation. The proceeds from the exercise of the Warrants shall be calculated from the new Exercise Price after the adjustment (a three decimal-point number) multiplied by the number of ordinary shares (the number of ordinary shares is calculated by multiplying the new Exercise Ratio by the number of the Warrants exercised, whereby fractions of shares shall be rounded down to the nearest whole number). If the calculation of proceeds from the exercise of the Warrants is a fraction, the resulting value from the calculation shall be a two-decimal point number.

In the event that an adjustment of such Exercise Price causes the new Exercise Price to be lower than the par value of the ordinary shares of the Company. The Company reserves the right to adjust the new Exercise Price to the amount equivalent to the par value of the ordinary shares, except as otherwise stipulated by the law. The new Exercise Ratio shall remain to be the ratio calculated from Clauses 1.5.1 to 1.5.6.

1.5.9 The Company may consider the adjustment of the Exercise Price together with the issuance of new Warrants instead of adjustment of the Exercise Ratio.

1.5.10 Regarding the adjustment of the Exercise Price and the Exercise Ratio from Clauses 1.5.1 to 1.5.6 and/or issuance of new Warrants instead of the adjustment of the Exercise Ratio in Clause 1.5.9, the Company will notify the details and the reasons for adjustment, calculation, new Exercise Price, new Exercise Ratio, effective date of the adjustment and number of new Warrants that will be issued instead of the adjustment of the Exercise Ratio to the Stock Exchange either immediately or by 9.00 a.m. of the day which the adjustment takes effect through the Stock Exchange's communication channel (SETLINK). The Company shall notify the SEC within 15 days from the effective date of the right adjustment.

1.6 Amendment of Rights, and Conditions of the Warrants

1.6.1 For adjustment specified in Clause 1.5 above and any amendment to the Terms and Conditions in the part that is clearly favorable to Warrant Holders or to be in accordance with the law and any amendment of non-significant parts, e.g. an amendment to the exercise procedure, the Company can make such an amendment without the consent of a meeting of Warrant Holders after having notified the SEC. Such amendment shall comply with the provisions or criteria under the laws governing securities and exchange or any other applicable laws, rules, regulations or general orders as well as the relevant notifications and regulations of the SEC.

1.6.2 Any amendment to the Terms and Conditions other than those specified in Clause 1.6.1 requires the consent from the Company and a meeting of Warrant Holders.

The amendment of the Terms and Conditions pursuant to this Clause 1.6.2, except right adjustment specified in Clause 1.5, shall require the consent from a meeting of Warrant Holders passed by affirmative votes of no less than half of the total votes of Warrant Holders attending the meeting and casting votes.

1.6.3 Any amendment made to the Terms and Conditions shall not be in conflict of or inconsistent with the rules under Notification TorChor. 34/2551 or any other relevant regulations of the SEC, including any regulations added after the Company obtained approval from the SEC to issue and offer the Warrants for sale, except the case where a waiver is granted.

- 1.6.4 The Warrant Issuer and/or Warrant Holders shall have no right to propose any amendment to the Terms and Conditions with respect to the Exercise Ratio, Exercise Price and the extension of the Warrant term, except the amendment made pursuant to the right adjustment conditions stipulated in Clause 1.5 and shall not be in conflict or inconsistent with the law governing securities and exchange or any other applicable laws.

In this regard, the Company shall notify all Warrant Holders of any amendment made under Clauses 1.6.1 and 1.6.2 through the Stock Exchange's communication channel (SETLINK) and shall deliver the amended Terms and Conditions to the Warrant Holders upon request within the period of 15 days from the date of receipt of the request in writing from Warrant Holders. Warrant Holders shall be responsible for expenses as specified by the Company and/or Registrar, as appropriate. In addition, the Company shall notify the SEC, the Stock Exchange, and the Registrar of such an amendment to the Terms and Conditions within 15 days from the date of such amendment.

1.7 Meeting of Warrant Holders

Convening and/or holding the meeting of the Warrant Holders shall be carried out in accordance with the following provisions:

- 1.7.1 The Company shall be entitled to convene a meeting of Warrant Holders at any time as deemed appropriate. However, the Company shall convene a meeting of Warrant Holders, without delay, in order to obtain resolutions from the meeting for any further proceeding within 30 days of the date on which any of the following events has occurred:
- a) In the event that there is any proposal for amending the Terms and Conditions either by the Company or by Warrant Holders pursuant to Clause 1.6.2; or
 - b) In the event of a significant event taking place which could materially affect the interests of Warrant Holders or the ability of the Company in complying with the obligations under these Terms and Conditions; or
 - c) Either one or a number of Warrant Holders holding in aggregate no less than 2.5 percent of the total units of Warrants that have not been exercised at that time, may request for the convening of a meeting of Warrant Holders by submitting a letter which clearly specifies the reason for such request. However, Warrant Holders shall have no right to propose any amendment to the Terms and Conditions with respect to the Exercise Ratio, Exercise Price and the extension of the Warrant term.

In convening a meeting of Warrant Holders, the Company shall proceed with the closing of the Register Book, for a period of no longer than 21 days prior to the date of the meeting of Warrant Holders, to determine Warrant Holders entitled to attend and vote at the meeting.

The names of Warrant Holders who are entitled to attend the meeting shall be present on the day prior to such closing date of the Register Book (the day prior to the first day which the Stock Exchange posts the XM sign).

In the case that the Company fails to convene a meeting of Warrant Holders within the term of the Warrants, it shall be deemed that the convening of such meeting is cancelled and such meeting of Warrant Holders has not been convened.

1.7.2 In convening the meeting of Warrant Holders, whether the meeting is convened by the request of Warrant Holders who have not yet exercised their rights or partly exercised their rights, or the resolution of the Board of Directors of the Company, the Company shall prepare a notice of the meeting specifying the meeting venue, date, time and the name of the person requesting to convene such meeting as well as the agenda being proposed to consider at the meeting. Such notice shall be dispatched to each Warrant Holder who has not yet exercised their rights or partly exercised their rights according to the names and addresses appearing in the Register Book, and the information shall be disclosed through the Stock Exchange's communication channel (SETLINK) as well as disclosed to the Registrar, at least 7 days prior to the respective date of the meeting.

1.7.3 At a meeting of Warrant Holders, Warrant Holders who have not yet exercised their rights or partly exercised their rights and are entitled to attend and vote at the meeting may appoint a proxy to attend and cast votes at the meeting on their behalf, by preparing a proxy form in accordance with the form specified by the Company and submitting such proxy to the chairman of the meeting or a person designated by the chairman of the meeting prior to the commencement of the meeting.

A Warrant Holder who is entitled to vote at a meeting of the Warrant Holders means a Warrant Holder who has not yet exercised his or her rights or partly exercised his or her rights, having his or her name appearing in the Register Book on the closing date of the Register Book to determine Warrant Holders entitled to attend the meeting, excluding any Warrant Holder who has a conflict of interest in an agenda item and therefore has no right to vote in such agenda item.

A Warrant Holder who has a conflict of interest under this Clause means a Warrant Holder who has a conflict of interest in the agenda item to be considered and resolved at the meeting.

1.7.4 In voting, a Warrant Holder shall have votes in the number equivalent to the number of units of the Warrants held by him/her and one unit of the Warrants shall carry one vote.

- 1.7.5 In carrying out a meeting of Warrant Holders held by the Company, the Chairman of the Board of Directors of the Company or a person designated by the Chairman of the Board of Directors of the Company shall preside as chairman of the meeting of Warrant Holders. If the Chairman of the Board of Directors or a person designated by the Chairman of the Board of Directors does not attend the meeting, the chairman of the meeting may be any person elected by the resolution of Warrant Holders attending the meeting. In both cases, the chairman of the meeting shall not have a definitive casting vote in case of tie vote.
- 1.7.6 The quorum of a meeting of Warrant Holders shall be constituted upon the number of Warrant Holders who have not yet exercised their rights or partly exercised their rights and/or their proxies attending the meeting being no less than 25 persons or no less than half of the total number of the Warrant Holders, and the aggregate of the Warrants shall not be less than one-third (1/3) of the total units of Warrant which Warrant Holders have not yet exercised their rights and/or partly exercised their rights.
- 1.7.7 At any meeting, if a quorum of the meeting is not constituted after 1 hour past the time scheduled for the meeting, it shall be deemed that the quorum of such meeting cannot be constituted and the meeting shall be suspended. In such case, if the meeting of the Warrant Holders is convened by the resolution of the Board of Directors, such meeting shall be re-convened within the period of no less than 7 days but no more than 14 days after the first convened meeting of Warrant Holders. The Company shall dispatch the notice of the meeting to all Warrant Holders and to the Stock Exchange in accordance with the details specified in Clause 1.7.2. In the latter meeting, the quorum is not required to be constituted.
- 1.7.8 A resolution of the meeting of Warrant Holders shall be passed by affirmative votes of no less than half of the total units of the Warrants which, at the time of the meeting, have been exercised and/or partly exercised by the Warrant Holders attending the meeting and having voting rights.
- 1.7.9 Any resolution passed by the meeting of Warrant Holders shall bind all Warrant Holders whether or not such Warrant Holders attended the meeting.
- 1.7.10 After the Company holds the meeting of Warrant Holders, the Company shall promptly, or at latest before 9.00 a.m. of the following Business Day from the date of the meeting, disclose resolutions of the meeting to Warrant Holders through the Stock Exchange's communication channel (SETLINK).
- 1.7.11 The Company shall prepare and record minutes of the meeting of Warrants Holders within 14 days of the date of the meeting, and keep such records at the principal office of the Company. The minutes of the meeting that were duly signed by the chairman of the meeting shall be deemed valid evidence of all agenda items discussed at the meeting, and

it shall also be deemed that the meeting and all resolutions have been duly made. The Company shall submit the minutes of such meeting to the Stock Exchange and the SEC within the stipulated period of time.

- 1.7.12 At the meeting of Warrant Holders, the Company or any person designated by the Company and the legal advisor of the Company shall be entitled to attend the meeting to provide an opinion or give an explanation to the meeting of Warrant Holders.
- 1.7.13 The Company shall be responsible for all expenses incurred from convening the meeting of Warrant Holders, as appropriate.
- 1.7.14 The Company shall amend the Terms and Conditions in accordance with the resolutions of the meeting of Warrant Holders within 3 Business Days from the date of the meeting of Warrant Holders in which such resolutions were passed. The Company shall notify the SEC and the Stock Exchange of such amendment to the Terms and Conditions in writing within 15 days of the date of such meeting.

1.8 Compensation for Damages in the Event that the Company is Unable to Provide Ordinary Shares for the Exercise of the Warrants

The Company will compensate Warrant Holders as follows:

- 1.8.1 The Company will only compensate Warrant Holders who deliver the Exercise Notification Form on each relevant Exercise Date but the Company is unable to provide a sufficient number of shares reserved for accommodating the exercise of rights under the Warrants. In this regard, the amount of compensation shall be calculated in accordance with Clause 1.8.3, except for the case stated under warrants transfer restriction and restriction on ordinary shares resulting from the exercise of rights under Clause 2, which the Company is not obligated to compensate any damages to Warrant Holders.
- 1.8.2 Compensation as mentioned in Clause 1.8.1 shall be paid by cheque, draft, bill of exchange or payment order issued by the bank, crossed and designated payable to the name of the Warrant Holder via registered mail to the address as specified in the Exercise Notification Form within 14 days from the date of submission of the Exercise Notification Form. In the case that the Company is not able to compensate Warrant Holders within the specified period, Warrant Holders will receive interest at the rate of 7.5 percent per annum, whereby such interest will be calculated for the period after 14 days until (but not including) the day that Warrant Holders receive their compensation.

However, in any case whatsoever, if the Company correctly delivers a cheque, draft, bill of exchange or payment order issued by the bank, crossed and designated payable to the name of the Warrant Holder via registered mail to the address as specified in the Exercise

Notification Form, it shall be deemed that the Warrant Holder has already been duly compensated and has no right to claim for any interest and/or any other compensation.

- 1.8.3 The calculation of damages that the Company shall compensate to Warrant Holders under Clause 1.8.1 is as follows:

Damage per 1 unit of Warrant equals $B \times [MP - EP]$

Whereas: B is The number of shares that could not be provided and/or increased in accordance with the new Exercise Ratio per 1 unit of Warrant

MP is The weighted average market price of the ordinary shares of the Company traded on the Stock Exchange for 15 consecutive Business Days prior to each Exercise Date that Warrant Holders deliver their notice of intention to exercise the Warrants (the weighted average market price of the ordinary shares of the Company is equivalent to the total value of the ordinary shares of the Company traded divided by the number of the ordinary shares of the Company traded on the Stock Exchange)

EP is The Exercise Price of the Warrants or the adjusted Exercise Price in case of right adjustment

- 1.8.4 Compensation mentioned in this clause shall be deemed absolute.

In the case that Warrant Holders are foreign (both individuals and juristic persons) and are not able to exercise the Warrants due to the limitation on foreign shareholding which the Company's Articles of Association limit at 49 percent of the Company's total paid-up capital, the Company will not compensate for the damage or take any further action for such foreign Warrant Holders, and such persons shall not have the right to claim additional damages or compensation whatsoever.

1.9 Status of the Warrants during the Exercise Notification Period

During the date on which Warrant Holders have delivered the notice of their intention to exercise the Warrants and the date before the Ministry of Commerce accepts the registration of the increase in paid-up capital corresponding to the exercise of the Warrants, the status of the Warrants shall remain the same as that of the non-exercised Warrants and such status will be terminated on the date that the Ministry of Commerce accepts the registration of the increase in paid-up capital corresponding to the exercise of the Warrants.

In the event that the Company adjusts the Exercise Price and/or the Exercise Ratio during the period that the Company has not yet registered the newly-issued ordinary shares upon the exercise of the Warrants with the Ministry of Commerce, Warrant Holders who have already exercised the rights shall receive retroactive rights adjustment. The Company will, as soon as possible, issue additional newly-issued ordinary shares to Warrant Holders in the appropriate number that such Warrant Holders should be entitled to receive if the adjusted Exercise Price and/or Exercise Ratio is in effect. However, Warrant Holders may receive the additional ordinary shares later than those ordinary shares which were previously allotted but, in any case, no later than 15 Business Days from the date of the right adjustment.

1.10 Status of the New Ordinary Shares Issued from the Exercise of Warrants

The Company shall apply for the registration to change its paid-up capital with the Ministry of Commerce in accordance with the number of newly-issued ordinary shares from each exercise within 14 days from the Exercise Date and the Company receives full payment of shares pursuant to each exercise. In addition, the Company shall proceed with the registration of Warrant Holders who exercised their Warrants as shareholders of the Company in the Register Book in accordance with the number of ordinary shares calculated from such exercise.

Ordinary shares issued from the exercise of the Warrants shall carry the same rights and status in all respects as existing ordinary shares of the Company from the date on which the registration of the name of Warrant Holders or their proxies as shareholders of the Company and the Ministry of Commerce accepts the registration of the increase in paid-up capital from the issuance of newly-issued shares upon the exercise of the Warrants.

1.11 Resolution of the Shareholders' Meeting Approving the Issuance of Newly-Issued Ordinary Shares to Accommodate the Exercise of the Warrants

The Extraordinary General Meeting No. 01/2021 of Shareholders held on 7 September 2021 resolved to approve the issuance and offering for sale of the Warrants to Purchase Ordinary Shares of the Company No. 1 or SAAM-W1 of not exceeding 30,000,000 units to existing shareholders of the Company and the issuance and offering for sale of the Warrants to Purchase Ordinary Shares of the Company No. 2 or SAAM-W2 of not exceeding 30,000,000 units to existing shareholders of the Company, as well as to approve the increase in the registered capital of the Company of not exceeding THB 30,000,000 from existing registered capital of THB 150,000,000, to not exceeding THB 180,000,000 by issuing new ordinary shares of not exceeding 60,000,000 shares with par value of THB

0.50 per share in order to accommodate the exercise of SAAM-W1 Warrants of not exceeding 30,000,000 shares and the exercise of SAAM-W2 Warrants of not exceeding 30,000,000 shares.

1.12 Details of the New Ordinary Shares Issued to Accommodate the Exercise of the Warrants ("SAAM-W2")

Accommodating Shares Not Exceeding	30,000,000 shares
Par Value	THB 0.50 per share
Exercise Price	THB 11.00 per share

The number of shares reserved to accommodate the exercise of the Warrants (accommodate the exercise of SAAM-W2 Warrants) not exceeding 30,000,000 shares, equivalent to 100 percent of the total SAAM-W2 Warrants allocated to existing shareholders of the Company, or equivalent to 10 percent of the total number of the total paid-up shares of the Company.

The total number of shares reserved, including other purposes (accommodate the exercise of SAAM-W1 Warrants and SAAM-W2 Warrants) not exceeding 60,000,000 shares, or equivalent to 20 percent of the total number of the total paid-up shares of the Company.

1.13 Procedures in the Case of Remaining Shares from the Exercise of the Warrants

In the case that there are ordinary shares remaining from the exercise of the Warrants, the Board of Directors or the Executive Committee shall propose that the shareholders' meeting consider and further allocate the remaining shares from the exercise of the Warrants or to decrease registered capital of ordinary shares for the remaining portion of shares reserved to accommodate the exercise of the Warrants. Any such course shall be pursuant to the criteria, conditions and procedures prescribed in the Public Limited Companies Act, relevant notifications of the Stock Exchange and relevant notifications of the SEC.

1.14 Secondary Market of the Warrants Offered for Sale

The Company shall submit an application for listing the Warrants as securities on the Stock Exchange within 45 days from the date on which the Company completes the allocation of the Warrants.

1.15 Secondary Market of the New Ordinary Shares Issued from the Exercise of the Warrants

The Company shall apply for the listing of ordinary shares issued from the exercise of the Warrants on the Stock Exchange within 30 days from each Exercise Date which Warrant Holders exercise their Warrants. As the Company's ordinary shares are listed securities on the Stock Exchange, new ordinary shares issued from the exercise of the Warrants will trade on the Stock Exchange after the Company applies for the listing of such ordinary shares with the Stock Exchange and the Stock Exchange approves such listing.

1.16 Impact on Shareholders

The impact on shareholders of the Company shall be considered in the following 4 cases:

Case 1 Issuance and allocation of SAAM-W1 and SAAM-W2 Warrants where existing shareholders exercise the rights to purchase all ordinary shares

Case 2 Issuance and allocation of only SAAM-W1 Warrants where other persons who are not existing shareholders exercise the rights to purchase all ordinary shares

Case 3 Issuance and allocation of only SAAM-W2 Warrants where other persons who are not existing shareholders exercise the rights to purchase all ordinary shares

Case 4 Issuance and allocation of SAAM-W1 and SAAM-W2 Warrants where other persons who are not existing shareholders exercise the rights to purchase all ordinary shares

1. Control Dilution

Calculation formula:

$$\text{Control Dilution} = Q_w / (Q_o + Q_w)$$

Q_o = Number of the existing ordinary shares which is equivalent to 300,000,000 shares as at 15 July 2021, which is the date on which the Board of Directors' Meeting resolved to approve the issuance and offering for sale of SAAM-W1 warrants

Q_w = Number of new ordinary shares increased from the exercise of SAAM-W1 and/or SAAM-W2 warrants, which in each case equals

- Case 2: Q_{w2} = 30,000,000 shares, which is the number of ordinary shares increased from the exercise of all SAAM-W1 Warrants
- Case 3: Q_{w3} = 30,000,000 shares, which is the number of ordinary shares increased from the exercise of all SAAM-W2 Warrants

- Case 4: Qw4 = 60,000,000 shares, which is the number of ordinary shares increased from the exercise of all SAAM-W1 and SAAM-W2 Warrants

Therefore,

- Case 1: Control Dilution is zero
- Case 2: Control Dilution is 9.09 percent
- Case 3: Control Dilution is 9.09 percent
- Case 4: Control Dilution is 16.67 percent

2. Price Dilution

Calculation formula:

Price Dilution = (market price before offering for sale - market price after offering for sale) / market price before offering for sale

Price Dilution = $(P_o - P_n) / P_o$

P_o = THB 6.72 per share, which is the weighted average price of the Company's ordinary shares traded during the period of 15 consecutive business days prior to (but not including) the date of the Board of Directors' Meeting held on 15 July 2021 (from 24 June 2564 – 14 July 2564)

P_n = the average price of all ordinary shares after the exercise of SAAM-W1 and/or SAAM-W2 Warrants, which in each case equals

- Case 1 and 4: $(P_o \times Q_o) + (\text{Exercise price of SAAM-W1} \times 30,000,000 \text{ shares}) + (\text{Exercise price of SAAM-W2} \times 30,000,000 \text{ shares}) / (Q_o + 60,000,000 \text{ shares})$, which equals THB 7.14 per share
- Case 2: $(P_o \times Q_o) + (\text{Exercise price of SAAM-W1} \times 30,000,000 \text{ shares}) / (Q_o + 30,000,000 \text{ shares})$, which equals THB 6.79 per share
- Case 3: $(P_o \times Q_o) + (\text{Exercise price of SAAM-W2} \times 30,000,000 \text{ shares}) / (Q_o + 30,000,000 \text{ shares})$, which equals THB 7.11 per share

Since $P_o < P_n$, the issuance and offering for sale of SAAM-W2 warrants do not cause any Price Dilution.

3. EPS Dilution

Calculation formula:

EPS Dilution = $(EPS_o - EPS_n) / EPS_o$

$EPS_o = \text{Net profit} / Q_o = \text{net profit for the last 4 quarters of the Company equivalent to THB 26.03 million divided by 300,000,000 shares, resulting in THB 0.087 per share}$

$EPS_n = \text{Net profit} / (Q_o + Q_w)$, which in each case equals

- Case 1 and 4: $\text{Net profit} / (Q_o + 60,000,000) = \text{net profit for the last 4 quarters of the Company equivalent to THB 26.03 million divided by 360,000,000 shares, resulting in THB 0.072 per share}$
- Case 2: $\text{Net profit} / (Q_o + 30,000,000) = \text{net profit for the last 4 quarters of the Company equivalent to THB 26.03 million divided by 330,000,000 shares, resulting in THB 0.079 per share}$
- Case 3: $\text{Net profit} / (Q_o + 30,000,000) = \text{net profit for the last 4 quarters of the Company equivalent to THB 26.03 million divided by 330,000,000 shares, resulting in THB 0.079 per share}$

Therefore,

- Case 1: $EPS \text{ Dilution} = (0.087 - 0.072) / 0.087 = 16.67 \text{ percent}$
- Case 2: $EPS \text{ Dilution} = (0.087 - 0.079) / 0.087 = 9.09 \text{ percent}$
- Case 3: $EPS \text{ Dilution} = (0.087 - 0.079) / 0.087 = 9.09 \text{ percent}$
- Case 4: $EPS \text{ Dilution} = (0.087 - 0.072) / 0.087 = 16.67 \text{ percent}$

Net profit is calculated based on the net profit for the last 4 quarters of the Company (from Quarter 2/2020 - Quarter 1/2021), equivalent to THB 26.03 million

2. Warrants Transfer Restriction

2.1 Warrants Transfer

The Company has no transfer restrictions for the Warrants except for the transfer of the Warrants during the closing of the Register Book to suspend the transfer of the Warrants for the Last Exercise Date, with details as specified in Clause 1.4.2.

2.2 Foreign Individuals / Juristic Persons

The Company has restrictions on the transfer of shares due to the foreign shareholding limitation prescribed in the Company's Articles of Association with the following details:

- 2.2.1 The Company shall not issue ordinary shares to foreign individuals or juristic persons whose will result in foreign shareholding exceeding the limit of 49 percent of the total paid-

up capital of the Company as indicated in the Company's Articles of Association, or the revised limit in accordance with any amendments to the Company's Articles of Association to be prescribed at a later date.

2.2.2 If foreign Warrant Holders are unable to exercise their Warrants, whether in whole or in part, as specified in the Exercise Notification Form, due to the foreign limit mentioned above, the Company may allow for the partial exercise of rights to the extent that such exercise does not result in a shareholding proportion that exceeds the aforesaid limit, whereby the Warrant Holders can request the Company to carry out one of the following:

- a) The Company shall return the remaining amount from the Exercise Price for the parts for which the right was not exercised, without interest, to foreign Warrant Holders by cheque, draft, bill of exchange or payment order issued by the bank, crossed and designated payable to the name of the Warrant Holder via registered mail to the address as specified in the Exercise Notification Form within 14 days from the Exercise Date.
- b) Allow the Company to proceed and keep the Exercise Notification Form, Warrants, and the remaining payments for the exercise of rights for which the foreign Warrant Holder has submitted in accordance with the respective order. Those unexercised Warrants, whether in whole or in part, can be kept for the exercise of rights at a later date to the extent that such exercise will not result in a shareholding proportion which exceeds the limit for foreign individuals or juristic persons.

However, foreign Warrant Holders must submit their intention to allow the Company to proceed according to a) or b) as mentioned above, by clearly specifying their intentions in the Exercise Notification Form during each of the Notification Periods.

The Company shall permit the exercise of rights, whether in whole or in part, for the unexercised Warrants, on the Exercise Date to the extent that such act does not result in the violation of the foreign limit. However, if the number of unexercised Warrants as at the Exercise Date exceeds the number of ordinary shares that can be purchased within the foreign limit prescribed in the Company's Articles of Association, the Company shall exercise the Warrants for the foreign Warrant Holders according to the respective order by which the duly completed Exercise Notification Forms containing the intention of foreign Warrant Holders as mentioned above are received for the relevant Exercise Date. If, on the Exercise Date, such Warrant Holders are unable to exercise their rights due to the shareholding restrictions, such Warrants shall be deemed non-exercisable for that particular Exercise Period, and foreign Warrant

Holders shall not have the right to claim for any damages from the Company, and the Company will not compensate said Warrant Holders.

Foreign Warrant Holders shall not be compensated by the Company in any form whatsoever if they are unable to exercise their Warrants because of the foreign shareholding limit.

3. Delivery of the Securities

3.1 Delivery of the Warrants

The Company will deliver the Warrants to existing shareholders of the Company proportionate to their shareholdings (right offering), whereby the Company will issue and deliver the Warrants as follows:

- 3.1.1 In the case that existing shareholders do not have a securities trading account with a securities company or TSD, Thailand Securities Depository Company Limited, as the Registrar, will proceed to deliver the Warrants to existing shareholders according to the number of the allocated Warrants via registered mail to the addresses provided in the share register book within 15 days from the Issuance Date. In this case, existing shareholders will not be able to sell the allocated Warrants on the Stock Exchange until they have received the Warrants. Existing shareholders may receive the Warrants after the date on which the Warrants are traded on the Stock Exchange.
- 3.1.2 In the case that existing shareholders have a securities trading account with a securities company, Thailand Securities Depository Company Limited, as the Registrar, will proceed to deposit the Warrants with "Thailand Securities Depository Company Limited on behalf of depositors", and TSD will record the number of Warrants that the securities companies have deposited. At the same time, the securities companies will also record the number of the Warrants that they have deposited, and will issue evidence of the deposit to existing shareholders who have been allocated the Warrants within 7 days from the Issuance Date. In this case, existing shareholders who have been allocated the Warrants will be able to immediately sell their warrants on the Stock Exchange as soon as the Stock Exchange approves the trading of those Warrants on the Stock Exchange. It is required that the names of existing shareholders match those that appear on the securities trading accounts in which the existing shareholders intend to deposit their Warrants. Otherwise, the Company reserves the right to issue Warrants to existing shareholders who have been allocated the Warrants in accordance with Clause 3.1.1 instead.
- 3.1.3 In the case that existing shareholders have a securities trading account with TSD account number 6 0 0 , Thailand Securities Depository Company Limited, as the Registrar, will proceed to deposit the Warrants with TSD and TSD will record the number of Warrants

deposited to account number 6 0 0 and issue evidence of the deposit to existing shareholders who have been allocated the Warrants within 7 days from the Issuance Date. When existing shareholders wish to sell their Warrants, they must withdraw their Warrants from account number 6 0 0 by means of contacting their securities companies. Fees as determined by TSD and/or the securities companies may be charged. Therefore, in this case, once the Stock Exchange approves the trading of the Warrants on the Stock Exchange, and these Warrants have been withdrawn from account number 600, existing shareholders can immediately sell their Warrants on the Stock Exchange.

3.2 Delivery of Ordinary Shares Issued from the Exercise of the Warrants

In the exercise of Warrants to purchase the Company's ordinary shares, Warrant Holders may choose one of the following for the Company to proceed with:

- 3.2.1 In the case that Warrant Holders wish to have ordinary share certificates in their own names, TSD will proceed to deliver the share certificates to the Warrant Holders according to the number of Warrants that have been exercised via registered mail sent to the addresses provided in the Register Book or Exercise Notification Form within 15 days from the relevant Exercise Date. In this case, Warrant Holders who intend to exercise the right to purchase ordinary shares will not be able to sell their ordinary shares derived from the exercise of the Warrants on the Stock Exchange until they have received the share certificates. Warrant Holders may receive the share certificates after the date on which the ordinary shares are allowed to be traded on the Stock Exchange.
- 3.2.2 In the case that Warrant Holders who have been allocated the ordinary shares do not wish to receive share certificates, but intend to use the services of TSD to deposit their ordinary shares in the account of securities companies, with whom the Warrant Holders have their trading accounts, TSD will proceed to deposit the ordinary shares derived from the exercise of the Warrants with "Thailand Securities Depository Company Limited on behalf of depositors", and TSD will record the number of ordinary shares that the securities companies have deposited. At the same time, the securities companies will also record the number of ordinary shares that they have deposited, and will issue evidence of the deposit to subscribers who have been allocated the shares within 7 days from each Exercise Date. In this case, Warrant Holders who have been allocated the ordinary shares will be able to immediately sell their ordinary shares resulting from the exercise of rights on the Stock Exchange as soon as the Stock Exchange approves the trading of those ordinary shares on the Stock Exchange.

In the case that Warrant Holders, who have exercised their right to purchase ordinary shares, decide for the Company to proceed according to Clause 3.2.2, it is required that the

names of Warrant Holders match those that appear on the securities trading accounts in which the Warrant Holders intend to deposit their ordinary shares. Otherwise, the Company reserves the right to issue share certificates to Warrant Holders who have been allocated the shares in accordance with Clause 3.2.1 instead.

- 3.2.3 In the case that Warrant Holders who have been allocated the shares do not wish to receive share certificates, but intend to use the services of TSD by depositing the ordinary shares in the account of TSD, account number 600, the Company will proceed to deposit ordinary shares resulting from the exercise of the Warrants with TSD. TSD will then record the same number of ordinary shares that were deposited to account number 600 and issue evidence of the deposit to Warrant Holders who have been allocated the shares within 7 days from the relevant Exercise Date. When Warrant Holders of the allocated shares wish to sell their shares, they must withdraw their shares from account number 600 by means of contacting their securities companies. Fees as determined by TSD and/or the securities companies may be charged. Therefore, in this case, once the Stock Exchange approves the trading of the ordinary shares on the Stock Exchange, and these shares have been withdrawn from account number 600, Warrant Holders who have been allocated the ordinary shares can immediately sell their ordinary shares on the Stock Exchange.

These Terms and Conditions shall be governed and construed in accordance with the laws of Thailand, and if any content in these Terms and Conditions is in conflict with any applicable law or any notification, the content in such law or notification shall prevail only in place of the conflicting content.
